

SensoIRIS B124-HP

Analogue-addressable Fire Alarm Base

- High profile design
- More space for cables
- Additional info plate

SensoIRIS B124 HP is a high profile base for all SensoIRIS analogue-addressable detectors and sounders/strobes. The base is with higher profile than the regular base, which gives more room for fitting thicker cables. The base also provides an additional plastic plate for device labeling and a contact system for direct detector attachment (B124 is not required). It is possible to lock the detector to the base for extra security.

Features

- Connection marks on the base
- Higher profile – 17,5 mm
- Allows for whole cable pass-through
- Plastic plate for device labeling
- Contact system for direct detector attachment

Technical Specifications

Wire Gauge for terminals	0.4mm - 2.0mm
Operating temperature	-10°C to +60°C
Relative humidity resistance	(93 ± 3)% @ 40°C
Weight	~45g
Dimensions	104 x 17,5 mm
Material (plastic), color	ABS, white
